PRESIDENT'S LETTER

By the time you have received your last quarterly for 1994, I will be your Past President.

I would like to thank all the individuals who worked on all the projects throughout the year. Many things were accomplished and a number of books and census reels were added to the Grant Foreman Room. Also two microfilm readers were purchased and installed.

Special thanks to all the members who have worked at the Muskogee County Court House, helping to film the records. This project has been in progress for over a year and will probably take another year to complete.

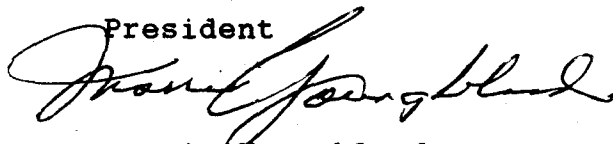

Also to our two seminar committees who put on an excellent program in April and October 1994, I extend my thanks.

MCGS has had an increase in interest which is obvious from the attendance at programs and special events presented throughout the year.

As of January 1, 1995, A new year will begin with a new slate of officers taking over. I wish them the best.

I'll take this opportunity again to thank you, the members, Board of Management, and the special committees for making this an enjoyable and successful year.

President

Morris Youngblood

REMEMBER! DUES ARE DUE JANUARY 1995

Did you know? Muskogee County marriage records are available from the Family History Centers for the years 1890 to 1929.

The index for 1890 - 1907 is Film #1311740 and #1312333 is the index for 1907 to 1948. The actual marriages from 1929 to 1950 are on the agenda to be filmed this year. Consult your Family History Center for more information.

MUSKOGEE COUNTY

The following information was taken from the Oklahoma Chronicles regarding Oklahoma Historic Sites Survey, Volume 36, 1958, pages 302-304.

Muskogee County:

La Harpe's Expedition (French), 1719, to Tawakoni Indian Village on Arkansas River, in vicinity of present Haskell and east to river: first Indian Council with European Nation in Oklahoma.

Battle between Pushmataha's hunting band (Choctaw from Mississippi) and Joseph Bougie's trader group near mouth of Verdigris River, 1806; site probably in Muskogee County, north of Arkansas River, and E. of bridge on Arkansas River.

Fort Gibson established 1824, site and history significant and well known; east side of Grand River at town of Ft. Gibson.

Union Agency, established 1874, stone building standing on hill and north of Veterans Hospital, at Muskogee, houses Five Civilized Tribes Museum.

Fort Davis, Confederate Army post, 1861-62; Indian mound marks center of this extensive fort; site located 1 mile North of Bacone College, overlooking Arkansas River N.E. of Muskogee.

Old Creek Agency, 1851-1874, near Fern Hill. Important sites here were:

Battle on east side of the community, between Creek and Cherokee Confederate forces and Cherokee and Osage Union forces, Civil War.

John Bemo (Seminole teacher and Baptist preacher) 1844; his homestead on south side of the community, his grave with marker.

About 1/4 mile W. of Agency Building site, is site of Creek Indian Court House for Muskogee District, Creek Nation, 1868.

Baptists Ministers in INDIAN TERRITORY.

The following tables are taken from the *Baptist Home Missions in North America*. This volume covers the years 1832 to 1882 and was published in 1883 in New York. These lists provide the names of those ministers who labored on behalf of the Lord and the stations where they were assigned. The center column gives the time their assignment at that station commenced or the duration of their assignment if they stayed longer than a year. The right-hand column lists the years and months of service.

GENEALOGY GLEANINGS

Did you ever wonder where the word, "pedigree" originated? Five hundred years ago, people were as interested in tracing their roots as they are today. Often, they hired monks to go through the records and build genealogical charts and histories.

As the monks noted the descent from one generation to the next, they would make a little three-line mark: a long line with two little ones angling out of it at the bottom. The mark looked, to them, like the footprint of a crane, or in French, the "Pie de grue." And it is the foot, the "pie de grue" that you now refer to when you speak about your heritage and your pedigree.
