Dear Members:

I cannot believe the year 2000 is approaching so quickly! This has been a speedy year for me to be President, and I am so happy this year is ending! The Presidency, or any office in our Society is such a great responsibility, and I have learned so much from this experience. (I now know how the President of the United States, or any large corporation feels)!

I believe we have had a successful year in 1999 with the leadership of the Board of Directors. Thanks to Cleo, B.J., Joanne, Aldena, Geneva, Stacy, Deone, Virginia, Vicki, Mary B., Mary D. and Jere for all of your help. Thanks too to Paul for your assistance with the quarterly. Wally, we appreciate the hard work you do in building the collection in the Grant Foreman Room. We owe a big thank you to our "home town girl" Myra for her valuable donations, and assistance she gives with our site.

Thanks too, to my newly found "cousin" and good friend Norman Vandiver, for his assistance with research, and the "free" lunches! I was so thrilled when my step-cousin, Barbara Godfrey Gaskin, and her husband Eric Gaskin, arrived from England on 8 September 1999. (we talked non stop). They spent 7 days with me, and I was so glad to spend time

with Barbara, and meet Eric. Eric and Barbara live in Foxton (Cambridge), and Barbara is the niece of my deceased step-grandfather, Robert Arthur Jones, who was married to my Dad's mother, Esta Virginia Dorsey Jordan. Robert Jones was the greatest step-grandfather anyone could have and I only wish Barbara could have know him. Barbara and Eric left to go back to England on 15 September 1999. We had a great time together. I hope I can visit them, and their grown children, Andrew and Caroline, one day.

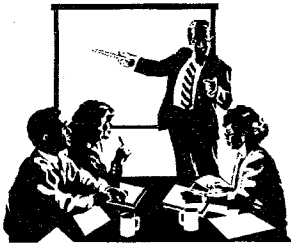

I wish the Board of Directors for 2000, my very best wishes.

Happy Trails,

Diane

From the Editor

Dear Fellow Members,

This issue wraps up yet another year of the Quarterly Publication of the Muskogee County Genealogical Society. It has been a lot of fun working on the Quarterly this year. A big round of applause goes to all the excellent contributions which have been made this year.

This year has also been very hectic for me in my work career with my employer, BP-Amoco, who just recently out-sourced its entire US Domestic Accounting Services to PriceWaterhouseCoopers LLC (PwC). Luckily, PwC offered and I have accepted a position in their new Business Processing Outsourcing Center which will be located in Tulsa.

My time this year has been fully utilized by my employer, by my volunteer work on the MCGS Quarterly and by my volunteer work with the Promoting Animal Welfare Society newsletter. Knowing that the costs to print our MCGS Quarterly publication were a tad more expensive this year than we were used to paying plus given the fact that funds from the membership dues increase would not occur until January 1, 2000, I made a personal decision to pay for the majority of the printing costs for this year's Quarterlies.

Volunteerism comes in many forms ... I look forward to working with even more of you next year on the Year 2000 edition of the MCGS Quarterly.

— Paul Robert Betow

Eastern Oklahoma Hospital

By

Wally Waits

The Eastern Oklahoma Hospital in Vinita was opened in 1913 to care for Oklahoma's insane or mentally deficient population. At one time it patients numbered 1,800. Today, the facility is in the process of being shut down.

One may, however, continue to learn about a relative who may have been treated there.

First, one needs a good idea that a relative was housed in Vinita. Norman and Supply, Oklahoma were also sites of facilities that housed similar patients.

Satisfied that you have the correct hospital, contact the records clerk and ask for a "Consent for the Release of Confidential Information" form. When you receive the form, fill it out like the example below only using your name and the name of your relative. It is recommended that you send proof that the patient is now deceased if the relative would be 75 years of age or less today if they were still alive. This will allay any concerns the records clerk might have, thereby prompting a quicker reply.

Some of the information that can be learned from their index cards are: name of patient, sex, county of commitment, town [where committed from], class of admission [e.g., 1st admission, etc], date of admission, date of separation, type of separation, cause of death, diagnosis, birthdate, race, marital status, education [level], church [denomination], age, nativity [place of birth], veteran's status, Social Security No. and occupation.

The index cards that document every patient at the Eastern Oklahoma Hospital vary in format and detail according to the practices of the day. Additionally, they vary in completeness. Finally, certain information will be blacked out to protect living family members. The remaining information will be greatly rewarding and helpful in filling in missing information.

Remember, how you the genealogist handles this and other sensitive information determines how you and the genealogy profession as a whole are viewed.

See the following page for the official Eastern State Hospital "Consent for the Release of Confidential Information" form.

Mystery of Graves
Muskogee Daily Phoenix

IN THE OLD CEMETERY

SOME GREWSOME EVIDENCE FOUND IN REMOVAL OF BODIES TO GREEN HILL CEMETERY--CONTRACT HAS BEEN FINISHED.

THINK A WOMAN WAS BURIED ALIVE.

Body In Metallic Coffin Perfectly Preserved After Being Buried 22 Years--Was the Founder of the Phoenix--Some Very Interesting Data on Grewsome Subjects.

It is written that "the grave shall give up its dead," but from the silent tombs on the hill of the old cemetery comes tales grewsome, that they almost cause the flesh to creep and reveal evidence of mysteries unexpected when it was decided to move all the bodies from the old grave yard on the hill in the northwest part of town and create there a city park. But they are true.

Yesterday the contractors, Messrs. Chapman & Johnson, completed their work and made a statement to the city council. Their statement shows that there were remains of 318 bodies moved to Green Hill cemetery. There were 53 graves opened and refilled in which there were no bodies found. The expense to the city was \$5 each for bodies moved and \$1.50 each for all graves opened and refilled in which bodies were not found. The bill to the city as presented calls for \$1,819.50.

It took ten days to complete the work. There were eighteen men working in the old cemetery taking up bodies and there were ten at Green Hill interring them. The remains were placed in pine boxes 10x10 and 42 inches long, government specifications. They were hauled to Green Hill on wagons, taking from 25 to 30 at a load.

Carbolic acid and quick lime were used to disinfect all graves when they were opened and they were carefully re-filled.

The old grave yard has been used for nearly half a century, the first body having been interred there forty-two years ago. There had not been an interment in five years past, and for this reason all the coffins and caskets had rotted, the bodies decomposed entirely save the skeletons.

There were two metallic coffins found in the old burying ground. One of these was that in which was buried the

body. The workmen removed the casing over the glass in the coffin and looked at the body. There was no evidence of decomposition, the beard and hair were still combed and the clothes were as they were the day the interment took place.

Unmistakable evidence was found in one grave that a woman had been buried alive. The skeleton was intact and was laying with the face down, and one arm and hand was laying across the back, showing that the woman was alive when buried and had turned over in the coffin in an effort to free herself. This grave was in the northwest part of the cemetery and was unmarked. There is not the slightest evidence to tell who she was.

In another grave was found the remains of an Indian who had been buried wrapped in his blanket. The blanket was red, and still showed the position of the body around which it was wrapped. The Indian was a very large specimen of his race, his thigh bone measuring 22 inches in length.

In another grave was found a body that had been buried with a leather or canvass strap about its neck, fastened with a ring and padlock. There was no evidence to show whether this was an Indian or a white man.

A remarkable feature found by the workmen was, that the false teeth of the persons buried there were in as good condition as when they were buried. Teeth with gold fillings were also found.

Mr. Chapman, who was one of the contractors on this work, was formerly a government contractor and worked at Red Ridge, Mo., when 2,000 bodies of Confederate soldiers were moved from the battle field ditches to the Confederate cemetery at Springfield, Mo.

Dr. Leo E. Bennett and General Peavey returned yesterday from Holdenville, where they had been looking after official business and incidentally to run in five boot-leggers, as stated in another column.

K

PLENTY OF HEIRS NOW SHOWING UP

Z. K. Fulkerson, the old man who died on South Main street several weeks ago, leaving an estate estimated to be worth from \$50,000 to \$75,000, would have many relatives if he were alive.

Since the story of his reputed wealth, his dying practically alone in Muskogee was printed many persons are claiming to be his heirs. A dispatch from Little Rock where Fulkerson's body was buried, says that attorneys there are seeking for the dead man's heirs in order to settle up his estate. A man from Sulphur Springs, Tex., giving his name as Fulkerson, was in Muskogee yesterday making inquiries about the dead man. He said he had a brother, who would be about 53 years old, known as

Zeb Fulkerson, whom he lost trace of over twenty years ago. The man will go to Little Rock to make a further investigation.

Another man in Waco, Tex., has written inquiries and thinks the man who died here is a relative of his.

TUPELO AUGUST 15.

The Missouri, Oklahoma & Gulf road, which is extending its line south to Denison, expects to reach Tupelo by August 15. At Tupelo connections will be made with the M., K. & T. branch, which runs from Atoka to Oklahoma City.
